DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

In the claims:

in line 6 of claim 23, delete "the" and insert –a--;

in line 3 of claim 24, delete "a first electrically isolated" and insert –a second electrically isolated--;

in line 1 of claim 31, delete "wherein the" and insert –wherein a--;

in line 3 of claim 34, delete "a first electrically isolated" and insert –a second electrically isolated--;

in line 2 of claim 38, delete "the first electrically isolated" and insert –a first electrically isolated--.

REMARK

Claims 23-24, 31, 34 and 38 are amended to make them in better form for allowance.

REASONS FOR ALLOWANCE

Claims 23-31 and 33-40 are allowed.

The following is an examiner's statement of reasons for allowance:

Akram et al. and Bregman et al. fail to disclose the combination of all the limitations recited, including a stacked of a RF MCM; a digital MCM and a substrate; a solder bump array and a through hole interconnection through the digital MCM substrate electrically connecting an electrical node on the system substrate to an active electrical node on the RF MCM substrate or the digital MCM substrate, the through hole interconnection being electrically insulated from all electrical nodes on the digital MCM substrate or the RF MCM substrate.

Therefore, the over all structure of the stacked MCM package is neither anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
